SYSCO FOODS + FIRSTCARD ATM means More Money in Your Pocket!

ATMs are important because **EVERYONE PAYS WITH THE VISA CHECK/DEBIT CARD!** Instead of paying for card transactions, **YOU GET PAID \$2.50 ON EVERY TRANSACTION.** With an ATM you get **MORE CUSTOMERS SPENDING MORE CASH, COMING BACK MORE OFTEN!**

The FIRSTCARD ATM Difference

FIRSTCARD ATM has placed nearly 2,000 ATMs in the US and is the National Sysco ATM Program! Burger King, Carl's Jr., McDonald's, Unocal, Shell, Tesoro and many other well known corporations have chosen FIRSTCARD ATM after careful examination, proven reliability and dependability.

YOU KEEP ALL THE PROFITS!

FIRSTCARD ATM provides an ATM ownership program where the company can either purchase the ATM outright or choose a flexible lease-to-own program. The location maintains a \$500-\$1,000 daily bank in the ATM (ATM holds \$20K). When the customer withdraws cash, (\$40 average withdrawal) money is electronically removed from their bank account then electronically transferred to your bank account within 2 business days. **You keep all the profits earned from the ATM! All profits are transferred into your bank on the 5th business day of the month.**

Top of the line service and support

FIRSTCARD ATM takes care of programming, delivery and ATM network/banking setup. We train your staff on cash loading/operation of the ATM. With our Remote Management Software (RMS) and the ATM onboard computer, if the ATM ever has a problem, it will automatically dial into our tech center and an error message appears on our online monitoring system! We can dial into your ATM to perform remote diagnostics and trouble-shooting. If customers or staff ever need help, they can **talk to a person 24 hours a day.**

The very best ATM, warranty and transaction processing

Our ATMs are manufactured by **NAUTILUS-Hyosung** with nearly 80,000 ATMs operating in North America. FIRSTCARD ATM has been a Master Distributor (1 of 13 in North America) and maintained ASP certification (the highest level) since 1999. The NH/FIRSTCARD ATM no hassle warranty program is the best in the industry! Our transaction processing network, Worldpay is among the largest transaction processors in the world. Accuracy, exactness, promptness and network connectivity is your key to a successful ATM program.
